Topics Discussed

Q/A Overview

Francois Breedt 0 1

What will the long term impact from the Iran US war be on economic growth in Africa

---

Riccardo 0 1

Data is important. However, published fcsts e.g. Argus' commodity prices, Bank's fx rate etc, very difficult to use given accuracy. How to generate scenarios?

Kgataki 0 1

Why hasn't Treasury developed a central system that municipalities and departments can use to verify bidder documents and prevent fraud?

Jane Finger 0 0

How do we give Government a wakeup call that innovation provides solutions to tedious time consuming processes

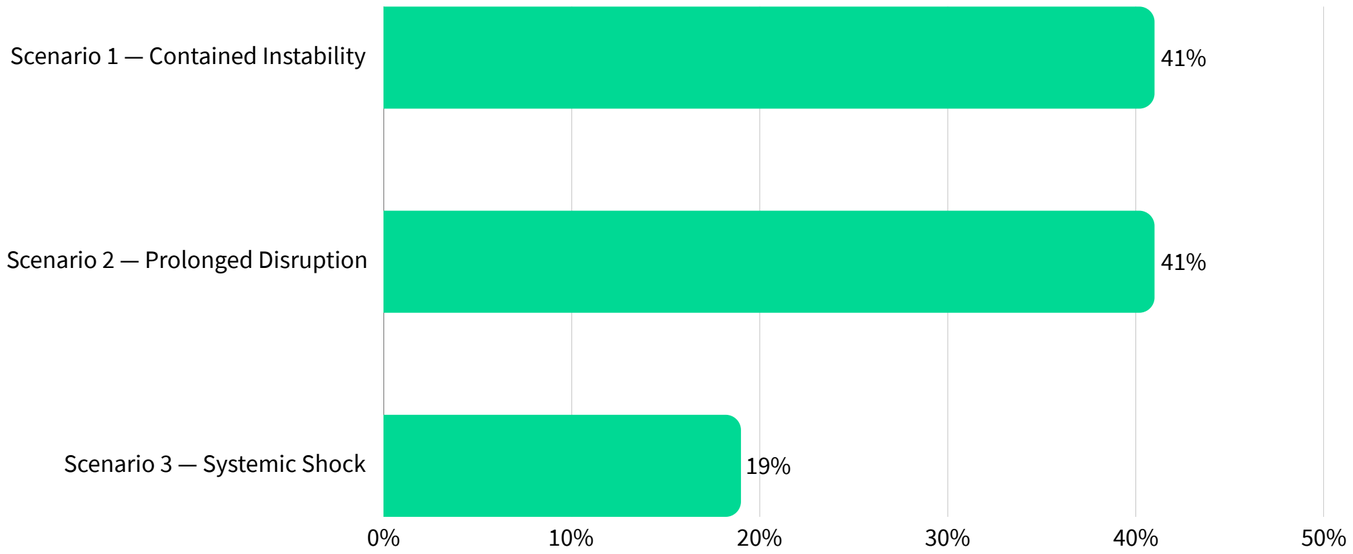

---

Nonty Bamuza 0 0

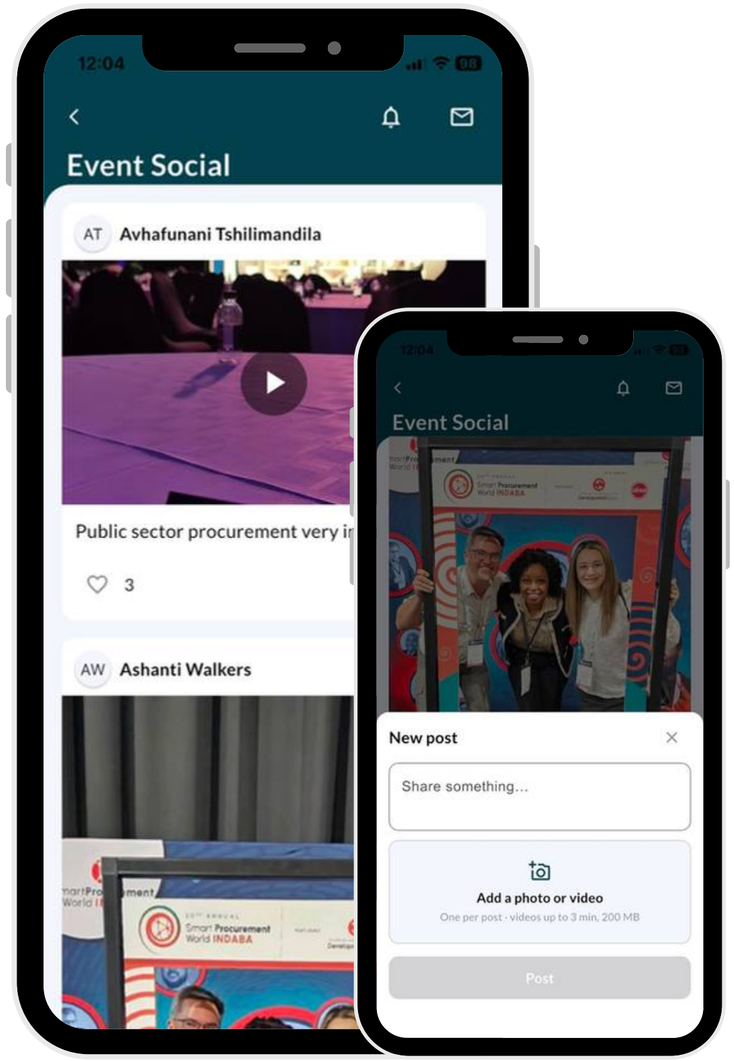

Are we championing the 'People' aspect when it comes to coaching and mentorship? Are we leaning enough on those ahead of us and passing it on to those to follow

Poll Results

Which scenario best describes the environment your procurement function is operating in today?
