5TH ANNUAL

KwaZulu-Natal
Supply Chain Conference

for the

Future

Conference Brochure

25 - 27 June 2024

Durban ICC

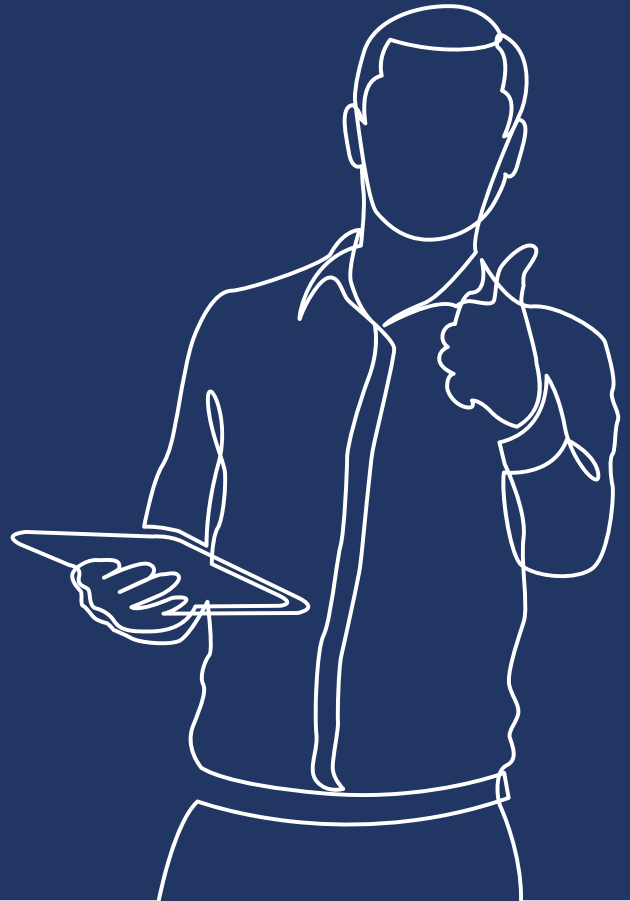

www.smartprocurementworld.com/kzn

Welcome

This year, we are excited to present a **thought-provoking event** focused on the theme of **Strengthening Infrastructure and Manufacturing Supply Chains for Future Growth**.

In today's rapidly evolving landscape, the significance of robust supply chains cannot be overstated. As we navigate through various challenges and opportunities brought on by recent events within KZN, it is imperative to enhance our infrastructure and manufacturing capabilities to ensure sustainable growth and resilience.

Join us as we gather industry leaders, experts, and stakeholders to explore innovative strategies, best practices, and emerging technologies that will shape the future of supply chain management in KwaZulu-Natal and beyond. Together, we will delve into insightful discussions, share experiences, and forge collaborations to drive positive change and propel our supply chains towards greater efficiency, agility, and competitiveness.

More Information

Why ?

- ➔ Enhanced understanding of the current state and future prospects of Manufacturing and Infrastructure sectors in KwaZulu Natal.
- ➔ Identification of actionable strategies to address challenges and capitalize on opportunities within the supply chain.
- ➔ Promotion of innovation, technology adoption, and sustainable practices to drive sectoral growth and competitiveness.
- ➔ Strengthened partnerships and collaborations among stakeholders to foster a conducive business environment.
- ➔ Formulation of policy recommendations and investment guidelines to support the long-term development goals of Manufacturing and Infrastructure in the region.
