Beyond 
Boundaries

Smart, Sustainable Procurement for
A Connected State

23 - 26 June 2026

ATKV Goudini Spa, Western Cape

Welcome

On behalf of Smart Procurement World, we are proud to welcome you to the 13th Annual Western Cape Public Procurement Conference 2026.

Hosted under the theme ***Beyond Boundaries: Smart, Sustainable Procurement for a Connected State***, the conference speaks to a defining moment for public procurement.

As government systems become increasingly interconnected — across infrastructure, health, finance, digital government, and local government — procurement sits at the centre of enabling real delivery and public value.

Over two focused days, the conference will explore how smart, sustainable procurement can break down silos, connect institutions, leverage data and digital platforms, and move from policy intent to measurable impact.

**Western Cape
Government**

The Western Cape Public Procurement Conference remains a trusted platform for honest dialogue, practical insight, and shared learning. In 2026, we bring together public sector leaders and delivery partners committed to building a capable, connected state that delivers real value for citizens.

***We Look Forward
To Welcoming You.***

ANSWERING THE BIG QUESTIONS

WHY?

The 13th Annual Event Will

Advance Integration Across Government

By positioning procurement as the connective tissue linking health, infrastructure, social, safety and economic sectors into one value chain for delivery.

Showcase Innovation In Action

Exploring how AI, automation, digital procurement platforms and data-driven insights are transforming decision-making, improving transparency, managing risk, and accelerating execution.

Embed Sustainability At The Core Of Public Procurement

Addressing climate resilience, ethical and inclusive supply chains, green procurement, and local economic participation through SMMEs, women and youth

Translate Policy Into Measurable Impact

Demonstrating how procurement enables long-term priorities such as health system strengthening, infrastructure delivery, affordable housing and mobility, job creation, and community value creation.

Who Should Attend

Private Sector

We are pleased to be hosting Corporate sourcing sessions for our Western Cape regionally based procurement & supply chain professionals.

Public Sector

All Public Sector Officials in the region are **invited to attend**.

Specifically

Municipal Managers CFO's Department Heads Supply Chain/Procurement Asset Managers LED

- 10. HoD DIALOGUE | Delivering at Scale & Sustaining Impact**
Implementation, Collaboration, and Long-Term Resilience  **Plenary**

Supplier Day Overview

26TH JUNE

The Western Cape Supplier Day 2026, hosted by DEDAT and the Western Cape Provincial Treasury, is designed to connect over 250 suppliers while addressing key aspects of doing business in the province. It provides a platform that moves beyond information-sharing to unlock real opportunities and market access.

Bringing together government departments, municipalities, corporates, and investment and development partners, the programme will deliver practical procurement insights, funding guidance, sector-specific breakaways, and a dynamic Supplier Match-Up Marketplace — enabling meaningful engagement between buyers and suppliers.

LOCAL ECONOMIC DEVELOPMENT

LED Roundtable Significance

A key addition to this year's programme is the dedicated Local Economic Development (LED) Roundtable, which will bring together municipal LED representatives, the Province, and DEDAT in a focused working session. This platform is critical in **bridging the gap between procurement policy and on-the-ground economic impact**, enabling open engagement on key challenges, opportunities, and areas for collaboration.

The session is designed to move beyond discussion towards measurable outcomes, aligning stakeholders on practical actions that strengthen local supplier inclusion, unlock regional opportunities, and ensure procurement plays a more intentional role in driving economic development across municipalities.
